SKILLS / CODING EXPERIENCE

APRIL 2023

REACT DEVELOPMENT REACT / MONGODB

With graduation around the corner, I wanted to round out my portfolio with a more “real-world” type of project, and I settled on building a social media app using React, with REST API and MongoDB. While react seemed to me like an advanced form of html, the experience was invaluable as it taught me so much about connecting the front-end and back-end, as well as sending and receiving web requests.

JUNE 2022 - PRESENT

VIDEOGAME DEVELOPMENT UNITY ENGINE – C#

In the summer of 2022, I started developing my own game with Unity Engine. It applies a lot of my knowledge I’ve obtained from school over my four years, as well as pushed me to learn another language (C#). Code and demo are available on my website and GitHub.

AUGUST 2018 – PRESENT

SCHOOL CODING WORK INDIANA STATE UNIVERSITY

There have been a lot of assignments that I have worked on over the years, ranging from simple to rather complex. Some of this code I have uploaded to GitHub to be seen.

EDUCATION

MAY 2018

HIGH SCHOOL DIPLOMA, HUTSONVILLE HIGHSCHOOL

3.5 GPA, Officer of National Honor Society.

CURRENT – GRADUATION IN MAY 2023
